What is Youth M.O.V.E.?

Youth M.O.V.E. National is a youth led national organization devoted to improving services and systems that support positive growth and development by uniting the voices of individuals who have living experience in various systems including mental health, juvenile justice, education, and child welfare. Join us in making a difference one voice at a time.

Get Involved

Youth Representative	M.O.V.E. Ambassador	M.O.V.E. Representative	Out of State Supporter
<p>Youth Representatives are the youth who make this whole thing work! They are the core and ultimately it's their voice we are trying to strengthen. All youth who have living experience with any child serving system such as Education, Mental Health, Juvenile Justice, Child Welfare or any other systems, are encouraged to give our Youth M.O.V.E. WV initiative. Even if you personally do not have experience in one of these systems but maybe you know someone who does, then you qualify. All youth who are ages 13-18 or still in high school can be a Youth Representative. We are looking for youth who want to make an impact and strengthen the youth voice. There are many ways to join us today in our efforts to strengthen the youth voice across West Virginia.</p>
